A SENSIBLE SUMMER. A WAY TO OBTAIN THE GREATEST BENEFIT

A little woman went to a certain Chautauqua resort last summer and experienced a most econom ical and cheerful way of living. She was at tha time in a debilitated condition with poor digestion, which made it imperative that she have the right kind of food and yet such that was nourishing and strengthening, "so I took an equipment of fresh, crisp Grape-Nuts. During that summer I lived on Grape-Nuts with a little cream or milk, and some ripe fruit, such as I could procure. "Many meals were made of delicious Grape-Nuts alone. I experienced a peculiar clearness of intellect, and a bodily endurance never known before on the old-time diet of meat, biscuits, butter, etc. "It was a continual delight, the healthy way of living combined with simplicity, economy, and the highest utility, incurring no restaurant or board bill, and returning, at the end of the summer, with money in my pocket, realizing that I had lived sumptuously every day, for I had lived on the most perfect food known, and was renewed in health, strength and mental power, and had ac-quired a complexion so clear and fresh tinted that I was termed a picture of health, and felt myself She lives at Monmouth, Ill. He was suspected and Mrs. Murphy was communicated with. She disclaimed having given Daly authority to use her book. The police recovered the articles from the store of Mr. William Brawner near the Stone bridge, where the prisoner had sold them. James Jackson, colored, was before the court on the charge of disorderly conduct at the depot of the Pennsylvania railroad. Officer Park, who made the arrest, stated that the man objected to being directed by the conductor to take his place in the "jim crow car." The fine was \$5.

Notice of the Stopping Point. To the Editor of The Evening Star:

Anent your suggestion; editorially that notice be posted inside cars of the change of stoppage from far to near side of crossings, let me suggest that for ten days the cars carry a conspicuous notice on the front dash board, something to this effect: "This car stops only on near side of crossing." This would be a comfort not only to the tourist, but to the resident as well. In ten days the resident would know all about it. As to the tourist, he comes from cities where stoppages are various in their "sides." The principal thing is to accommodate the Washington travelers, who largely exceed the tourists. WM. A. tion of Certificate. Adverse action has been recommended to the Commissioners by the attorney for the District, Mr. A. B. Duvall, in the matter

of the application of Mr. John W. Thompson for the cancellation of the certificate of sale of lot 9, square 31. It appears, explains Mr. Duvall, that the

lot in question, assessed in the name of Thomas Orme, was sold to Robert Y. Slater April 27, 1897, for general taxes for the year ending June 30, 1896, and for a special assessment for the improvement of H street. Mr. Slater assigned the certificate of sale to Mr. Thompson, who based his application for cancellation upon the allegation that the special assessment was levied twenty years prior to the date of the certificate of sale, and was, therefore, barred by the statute of limitations, and that the lien, therefore, did not exist upon the property at the time of the sale. "The tax records show, however," says Mr. Duvall, "that said lot was sold April 8, 1896, for general taxes, and also for said special assessment, and at said sale said lot was bought in by the District of Co-lumbia. It, therefore, appears that within the period of twenty years after levying of this assessment the District took action according to law to enforce the payment thereof. This proceeding, in my judgment, relieved said special assessment from the operation of the statute of limitations. 1 E. M. Merrins and wife, New York; R. H. plication should be denied.'

WANTED FOR FORGERY.

Young Colored Man Charged With the Crime. William H. Richardson, colored, twentyone years old, a graduate of the High School, is wanted by the local police on charges of forgery preferred by Dr. Chas. L. E. Lardy, secretary of the Swiss legation. It is alleged that Richardson, who was the secretary's valet, forged the latter's name to checks and obtained \$480. Late yesterday afternoon Inspector Boardman received a report of the affair from Dr. Lardy, and Detectives Boyd and Hartigan made an investigation. According to the information they obtained Richardson, who was highly recommended, was employed by Dr. Lardy last July. Ten days ago the doctor discovered that his bank account had been greatly reduced, and about the time he started to make an investigation his valet disappeared. It is alleged that twenty checks were forged, the last one being for \$150. The alleged forged signatures were so well executed that they were not questioned at the

NO CHANGE CONTEMPLATED. Chief Parris to Continue at Head of

Fire Department.

So far as District Commissioner Macfarland is aware, and he has immediate supervision of the fire department, there is to be no change in the position of chief engineer of that department. As stated in vesterday's Star, it has been quite generally understood at the District building since the passage of the police reorganization bill that Mr. Joseph Parris, the chief engineer, would before long ask to be allowed to vacate the office. This bill authorizes the Commissioners to retire the chief engineer upon a monthly allowance not exceeding \$100, and during the past several days friends of Chief Parris have stated that he has said he would ask to be retired in a very short time. But if such is the intention of the chief he has not so informed Commissioner Macfarland, as will appear from the following statement made by the Commissioner today:
"So far as I know there is to be no change in the head of the fire department.
Chief Parris has, I understand, no present intention of retiring, and, so far as I am concerned, he will remain at the head of the fire department as long as he desires to stay. He has rendered efficient service as a member of the department for thirtyhenever he desires. But he is still strong and active and as competent as ever, and there is no reason why he should not con-tinue at the head of the department in-
